CONTACT US

INTRODUCTION

Welcome to BGF Air Power Industry Corp., your trusted partner in innovative solutions for both aquaculture and air conditioning needs.

As a leading importer, wholesaler, retailer, and fabricator, we are committed to delivering high-quality products and services that exceed expectations while fostering sustainability and environmental responsibility.

VISION

To be a leading provider of innovative and sustainable solutions in both aquaculture and air conditioning industries, enhancing the quality of life for our customers while contributing positively to the environment.

MISSION

We are committed to delivering high-quality products and services that exceed customer expectations. Through continuous innovation and a dedication to environmental sustainability, we aim to build lasting relationships with our clients and stakeholders, fostering growth and prosperity for all.

NATURE OF BUSINESS

BGF Air Power Industry Corp. is a dynamic and versatile company operating across multiple sectors as an importer, wholesaler, retailer, and fabricator. Our diverse nature of business encompasses two main areas: aquaculture products and air conditioning products.

In the aquaculture sector, we specialize in providing comprehensive solutions for fish farming operations. From the supply and delivery of high-density polyethylene (HDPE) marine circular fish cages to the assembling of freshwater HDPE square fish cages, we offer top-quality equipment to enhance productivity and sustainability in aquaculture. Additionally, our range includes the supply and delivery of BGF Eco-Solar Lanterns, promoting energy efficiency and eco-friendly practices in aquaculture facilities.

In the air conditioning industry, we serve as a distributor of renowned brands for both residential and commercial projects. Our portfolio includes trusted names such as Panasonic, Daikin, AUX, Chigo, Midea, and Homemate, providing customers with reliable and energy-efficient cooling solutions. Whether it's for homes, offices, or large commercial spaces, we offer a wide selection of air conditioning systems to meet diverse needs and preferences.

OUR PRODUCT SERVICES

At BGF Air Power Industry Corp., we pride ourselves on offering a comprehensive range of services tailored to meet the diverse needs of our clients in the aquaculture and air conditioning industries.

AQUACULTURE PRODUCTS

Our aquaculture services encompass the supply, delivery, and assembly of high-quality equipment designed to optimize fish farming operations. From HDPE marine circular fish cages to freshwater HDPE square fish cages, we provide top-of-the-line solutions that enhance productivity, efficiency, and sustainability in aquaculture. Additionally, our BGF Eco-Solar Lanterns offer eco-friendly lighting solutions for aquaculture facilities, promoting energy efficiency and reducing environmental impact.

FISH CAGE DESIGN COMPARISON

	INJECTION MOLDED	DOUBLE COLLAR
FLOATER PIPE SIZE	250mm / 10"	225mm / 8"
<small>The bigger the floater surface, the higher the buoyancy.</small>		
Bracket	New technology	Old technology
	Solid. Full 15mm thickness	Hollow
	No metal nut and bolts	With metal nut & bolt
	Seamless. No weak point	Clamp design
	With front & rear bump guard	None
	INJECTION MOLDED	DOUBLE COLLAR
Stanchion Connection	Solid fusion pipe to tee	By metal nut & bolts
Bracket Stopper Connection	Welded using HDPE extrusion gun	Metal screw
Number of Stopper per Bracket	4 pieces	2 pieces
Warranty	10 years product & workmanship	1 year
Corrosion Resistance	Excellent, as No metal design	Poor, as with metal nut & bolt design
Bracket Durability	Excellent, as it is seamless	Poor, as it is clamp by a metal bolt

OUR PRODUCT SERVICES

INJECTION MOLDED BRACKET

STANCHION DISTANCE PER CAGE SIZE
 FOR 11m DIAMETER – 2.15 METER / 16 pieces of brackets per cage
 FOR 13m DIAMETER – 1.86 METER / 32 pieces of brackets per cage

Double cavity stanchion

Obstruction to walkway

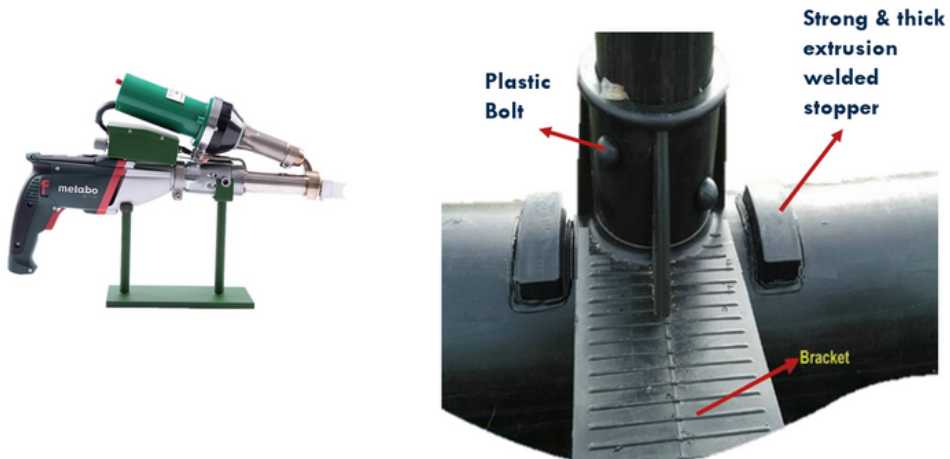

INJECTION MOLDED BRACKET

DOUBLE COLLAR

EXTRUSION WELDED STOPPER

AMAZON FRESH WATER

Material:

Pure grade marine HDPE resin with anti UV. We only use virgin raw materials to ensure a perfect pipe quality plus an additional anti UV to extend pipe's life span even when exposed to direct sunlight and sea water.

Safety Feature:

1. All cage frame pipe are filled of "Expanded Polystyrene (EPS)". Since the Amazon Fish Cage is a single floater cage, the polystyrene will provide buoyancy support in an event of accidental pipe damage due to heavy object collision and/or etc.
2. Each four (4) corners are protected by "Corner Guard" to provide maximum strength on every corner and additional protection against outer force.

Specifications:

Cage Size: 5 meter x 5 meter (inside dimension)
Cage Frame: 250mm marine HDPE Pipe PE 100
Net Depth: 3-4 meters (add ons)

Life Span:

Up to 30 years

BGF Solar Lantern

MODEL: ECO092783

Features and benefits by using BGF Solar Lantern

Energy Efficient Lighting

With a new technology electronic design LED Technology and lithium ferro phosphate battery
 *Up to 24 hours light with 1 full charge battery
 *Superior lithium ferro phosphate battery

Product Operation

*Zero fuel cost. Harvesting the power of sun for free!
 *Zero maintenance
 *Quiet and safe to use indoor or outdoor
 *Simple and easy to use. Plug and play
 *Very light and portable
 *Renewable. Environmental friendly!

10 simple ways to use the lamp

Shock Resistant

*Up to 1 meter if accidentally drop

Reliable and Efficient Solar Panel

*Can charge and harvest power even on low sunshine

Water Proof and Dust Proof

*Up to 1 meter if accidentally drop

Integrated Mobile Phone Charger

*USB Cable with 3 adapters
 *Plug and Play

1 year Extended Warranty Period

*No question ask warranty replacement
 *1 year product warranty

Built in Navigation Compass

Built in S.O.S Light

Energy Efficient, Eco Friendly, Robust Solar LED Lamp with Mobile Phone Charger

BGF AIR POWER INDUSTRY CORP.

Portable LED lighting systems with solar panel BGF-092783

BGF SOLAR LANTERN

Always and everywhere light on for example the campsite, the boat, deep in nature or in the garden. The BGF Solar Lantern BGF-092783 is a multifunctional, weatherproof lightweight portable lantern that has a rechargeable battery and self-charging with supplied solar panel (with 5 meter cable). You can also use the lantern as a charger for your mobile phone via a USB port. You put it on the table, a bottle or you hang it easily. The BGF Solar Lantern BGF-092783 with solar panel with its 4 different light modes ensures a burn time of 6, 12 or 24 hours and does not let you sit in the dark in places where there is no electricity. The BGF Solar Lantern comes with:

• Solar panel with 5 meter cable • Adapter for charging the Solar Lamp via USB power supply • Charging cable for mobile phone with 3 adapters • Built in navigation compass • Built in SOS light.

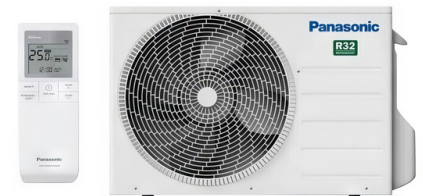

BGF-092783 is a portable Solar LED lighting system providing safe, green & reliable access to energy. With its innovative multiple mounting options, that lamp conveniently lights up your surroundings and charges your mobile phone where ever you are. It also has a built in navigation compass and SOS light that can be used for emergency situation.

BATTERY LEVEL LIGHT INDICATOR	LIGHTING MODE
Solar Panel Charging: Slow Flashing green light Battery Full Charge: Fast Flashing green light Battery Low: Yellow Light Battery Level 50% Above: Blue light Battery Level 45% Below: Red light	Mode 1: High Mode 2: Medium Mode 3: Low Mode 4: SOS Mode 5: Off • Long press for 3 seconds to turn OFF the LED battery level indicator if the lantern is not in use for a long period of time. • Long press for 3 seconds to turn ON

AIR CONDITIONING PRODUCTS

As a distributor of trusted air conditioning brands, we cater to both residential and commercial projects, offering a wide selection of cooling solutions to meet diverse needs. Our portfolio includes renowned brands such as Panasonic, Daikin, AUX, Chigo, Midea, and Homemate, ensuring reliability, energy efficiency, and superior performance. Whether it's for homes, offices, or large commercial spaces, we provide expert consultation and support to help our clients find the perfect air conditioning system to suit their requirements.

UNIQUE SELLING PROPOSITION (USP)

At BGF Air Power Industry Corp., we differentiate ourselves through our unwavering commitment to innovation, sustainability, and customer satisfaction.

INNOVATIVE SOLUTIONS

We continuously strive to push the boundaries of innovation, offering cutting-edge solutions that address the evolving needs of our clients. Whether it's pioneering aquaculture equipment or state-of-the-art air conditioning systems, we are at the forefront of innovation, providing our customers with access to the latest technologies and advancements in our industries.

CUSTOMER-CENTRIC APPROACH

At BGF Air Power Industry Corp., customer satisfaction is our top priority. We go above and beyond to understand our clients' needs and provide tailored solutions that exceed their expectations. From expert consultation to reliable after-sales support, we are committed to building lasting relationships with our customers, ensuring their success and satisfaction every step of the way.

SUSTAINABLE PRACTICES

Environmental sustainability is ingrained in everything we do. From promoting eco-friendly aquaculture practices to offering energy-efficient air conditioning solutions, we prioritize sustainability at every stage of our business operations. Our BGF Eco-Solar Lanterns and commitment to reducing environmental impact reflect our dedication to creating a greener, more sustainable future for generations to come.

SOCIAL RESPONSIBILITY AT BGF AIR POWER INDUSTRY CORP.

At BGF Air Power Industry Corp., we recognize the importance of our role in creating positive social impact within our communities and beyond. Our commitment to social responsibility is deeply ingrained in our corporate values and guides our actions every day.

COMMUNITY ENGAGEMENT

We actively engage with local communities to understand their needs and contribute to their well-being. Through partnerships with local organizations and initiatives, we support community development projects, educational programs, and initiatives that promote social inclusion and empowerment.

ENVIRONMENTAL STEWARDSHIP

As stewards of the environment, we are dedicated to minimizing our ecological footprint and preserving natural resources. We prioritize sustainable practices across our operations, from promoting eco-friendly aquaculture solutions to reducing energy consumption and waste in our facilities. Additionally, we invest in research and development to innovate greener technologies and products that promote environmental sustainability.

EMPLOYEE WELL-BEING

We value our employees as our most important asset and are committed to fostering a supportive and inclusive work environment where they can thrive. We prioritize their health, safety, and well-being, providing training opportunities, competitive benefits, and resources to support their personal and professional growth. Additionally, we promote diversity, equity, and inclusion within our workforce, ensuring equal opportunities for all.

ACCOLADES

This prestigious accolade recognizes our dedication to implementing innovative and eco-friendly solutions across our operations, from promoting sustainable aquaculture practices to offering energy-efficient air conditioning products. Our proactive approach to minimizing environmental impact, reducing carbon footprint, and fostering sustainability has been commended

Serves as a testament to our unwavering commitment to corporate social responsibility and our ongoing efforts to make a positive impact. We are honored and remain dedicated to continuing our journey towards a greener, more sustainable future for generations to come.

OUR TEAM

At BGF Air Power Industry Corp., our team is the driving force behind our success, embodying our values of excellence, innovation, and dedication.

Comprised of seasoned professionals and experts in their respective fields, our team members bring a wealth of experience, expertise, and passion to every aspect of our business.
