# **Product Lineup**

- All new models equipped with nanoe<sup>™</sup> X Generator Mark 2 as standard
- Little installation work required, easy to clean
- Adjustable airflow direction provides a comfortable space for all

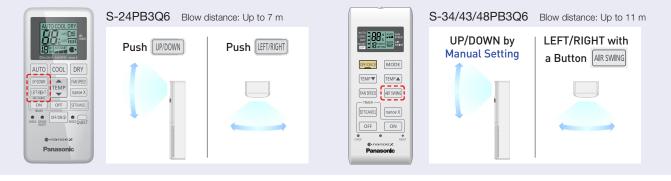

#### FLOOR STANDINGS NEW Dimensions

\* Specifications are subject to change without notice. Please refer to technical documents for more details. \* The sound pressure level is measured in accordance with JIS C 9 612 and JIS B 8616.

## Clean airflow direction control with remote controller

### Easily swing the louvre at the touch of a button.

# **Other Functions**

#### Random auto restart

During a power failure, when power is restored, it automatically restarts operating in the same mode as just before power was lost.

#### Auto fan mode

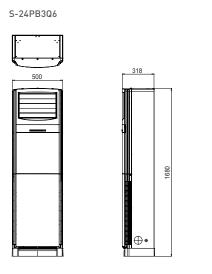

When the auto fan mode is set, the indoor unit of the air conditioner automatically is adjusted the suitable fan speed according to factors such as load.

### 12-hour On/Off delay setting timer

Pressing the timer button on the remote control lets you set operation start/stop time within 12 hours of the current time.

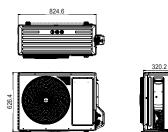

\* The images above show the remote controller screen display.
